

Gilbert Gilkes & Gordon Ltd

Candidate Brief

Background

Gilkes provides innovative, single-source solutions for the Small Hydropower and High Horsepower Diesel Engine markets.

By working closely with our customers, we ensure excellence in product design, total cost of ownership, and operational performance. Our hydropower turbines and engine cooling pumps are engineered to meet the most demanding technical specifications and environments.

With a legacy spanning over 170 years, a Royal Warrant, and a global presence in more than 85 countries, we combine agility and responsiveness with the technical expertise of a world-leading brand.

Headquartered in Kendal, in the heart of the English Lake District, Gilkes is an independently owned company with approximately 175 employees worldwide. Our operations include manufacturing facilities in Kendal and Houston, 3 Service Centres in Scotland and a sales office in Tokyo.

Current Position & Context

Gilkes is rapidly evolving to stay ahead in an ever-changing economic landscape, ensuring our continued relevance in our chosen markets.

Our pumps business continues to expand, particularly in the power generation sector, where the rising demand for standby power for large data centres is driving growth.

Our Purpose

Rooted in a 170-year heritage as a family-owned business, our values-driven approach prioritises ethical business relationships and a commitment to environmental sustainability.

We are dedicated to delivering long-term, responsible success by ensuring our products contribute meaningfully to the transition toward a low-carbon economy.

People & Culture

Our people are at the core of everything we do - they are the driving force behind our success. Their passion, creativity, and dedication enable Gilkes to thrive and grow.

We are committed to investing in our employees and fostering a positive, inclusive company culture.

Our 4 key values are:

- Teamwork
- Integrity
- Excellence
- Commitment

In the UK, the hydro aftermarket presents significant growth opportunities for Gilkes. We are strategically aligning our Service, Modernisation, and Control Systems teams to maximise these prospects.

The small hydropower market is shifting toward energy recovery, and our existing product portfolio positions us well to capitalise on this trend.
